POWER

ANT REPELLENT SPRAY

FOR TARGETED REPELLENCE

The **GREEN GUARDIA** Ant Repellent Spray with plant-based active ingredient **Geraniol** keeps ants reliably away – indoors and outdoors. It effectively and long-lastingly protects your home, terrace, paths and garden areas.

PLANT-BASED FORMULA

With Geraniol – a plant-based active ingredient that keeps ants away in a natural way.

INDOOR & OUTDOOR USE

Ideal for living spaces, terraces, balconies, garden paths, cellars, garages and many other areas.

TARGETED REPELLENCE

Effectively repels ants from walking routes, entry points and nests – before they enter your home.

EASY APPLICATION

Ready to use immediately and easy to apply for fast and reliable protection.

INGREDIENTS & COMPOSITION

Water, Alcohol, Neem Oil, Citronella Oil, Geraniol, Auxiliary substances (emulsifiers, preservatives)

REGISTRATION NUMBER

N-121062

Product type: PT 19 – Repellent
Use biocides safely.
Always read the label and product information before use.

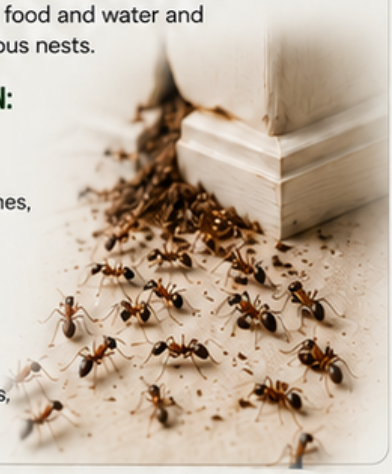

CAUTION

ANT INFESTATION – A COMMON PROBLEM

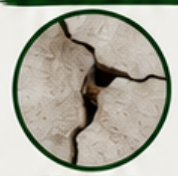

Ants are useful insects, but they can quickly become a nuisance in and around the house. They search for food and water and build well-organized colonies with numerous nests.

TYPICAL SIGNS OF AN INFESTATION:

- Ant trails (foraging ants) in the kitchen, bathroom, pantry or living areas
- Frequent ants on door and window frames, terraces or balcony floors
- Ants near food sources, trash bins or pet food bowls
- Sand or soil piles in lawns, flower beds or between paving stones
- Nests in hollow spaces, under stone slabs, wood piles or in masonry

WHERE DO ANTS HIDE?

CRACKS & JOINTS

UNDER TILES & PAVING

FLOWER POTS & PLANT CONTAINERS

CELLARS & STORAGE ROOMS

WOOD PILES & FIREWOOD

WALL CRACKS & FOUNDATIONS

ACT EARLY – BEFORE THE COLONY GROWS

The sooner you take action, the easier it is to keep ants away and prevent permanent nests in and around your home.

GREEN GUARDIA

POWER ANT REPELLENT SPRAY

FOR TARGETED REPELLENCE

AS EASY AS CAN BE – 4 STEPS FOR THE BEST PROTECTION

1 PREPARE

Clean the surfaces and remove food residues and grease. Avoid direct contact of water with the application.

2 SHAKE

Shake the bottle well before use, so that the natural ingredients are optimally distributed.

3 SPRAY

Spray from a distance of 20–30 cm directly onto ant trails, paths, entry points and nests.

4 LET IT WORK

For lasting protection, apply regularly – especially in case of heavy infestation o new build-up.

AREAS OF APPLICATION

INDOORS
Kitchens, pantries, behind cabinets, skirting boards, radiators, windows and in storage rooms.

TERRACE & BALCONY
On tiles, railings, flower pots, under furniture and in corners.

PATHS & ENTRANCES
In front of doors, stairs, paving joints and along walls and house foundations.

GARAGE & SHED
On floors, shelves, workbenches and behind stored items.

GARDEN & PLANT BEDS
Around plant beds, compost bins, under stones or log piles.

TIPS & INSTRUCTIONS FOR THE BEST PROTECTION

TREAT PATHS
Spray directly on ant trails and paths, not on individual ants. This will reach the entire colony.

REMOVE FOOD SOURCES
Regularly remove food sources such as crumbs, sugar, food residues and overripe fruit.

USE REGULARLY
Use the spray preventively or when needed in all affected areas. With heavy infestation, repeat the application several times.

USE AFTER RAIN
After heavy rain, reapply to the treated surfaces as rain can wash away the protective film.

PREVENTIVE USE
For long-lasting protection, also apply regularly to critical areas such as entry points, joints and cracks.

SAFE FOR PETS*
When used as directed, the product is safe for pets. Avoid contact with eyes and mucous membranes.

FOR AN ANT-FREE HOME – INDOORS & OUTDOORS

Acts reliably. Provides long-lasting protection. Easy to use.

FAQ – FREQUENTLY ASKED QUESTIONS

HOW DOES THE ANT REPELLENT SPRAY WORK?

The plant-based ingredients, especially Geraniol, disrupt the orientation of ants and keep them away effectively. This prevents them from entering your home or settling in treated areas.

DOES THE SPRAY LEAVE STAINS OR RESIDUES?

When used as directed, the spray usually does not leave any stains or residues. For sensitive surfaces, please test on an inconspicuous area first.

WHICH AREAS IS THE SPRAY SUITABLE FOR?

Ideal for indoor and outdoor use, such as kitchens, terraces, balconies, paths, entrances, window sills, basements, garages and many other areas where ants are active.

CAN I SPRAY DIRECTLY ON THE ANTS?

No, the spray is intended for repelling ants, not for directly killing them. Spray it on ant trails, paths, entry points, nests and hiding places.

HOW OFTEN SHOULD I USE THE SPRAY?

For prevention, use every 5–7 days.
In case of a strong infestation or increased risk, the application can be repeated every 2–3 days.

HOW DO I REMOVE ANT FOOD SOURCES FOR LONG-TERM SUCCESS?

Regularly remove food sources such as crumbs, sugar, food residues and overripe fruit. Keep surfaces clean and dry.

CAN THE SPRAY BE USED IN RAIN?

After heavy rain, reapply to the treated surfaces, as rain can wash away the protective layer.

WHAT SHOULD I DO IF THE ANTS KEEP COMING BACK?

Reapply after a few days to the paths and entry points. Also check if new nests have formed nearby.

IS THE SPRAY SAFE FOR HUMANS AND PETS?

When used as directed, the spray is safe.
Avoid contact with eyes and mucous membranes.
Keep out of reach of children and pets.

IS THE SPRAY ALSO SUITABLE FOR PETS SUCH AS DOGS OR CATS?

Yes, when used as directed, the spray is harmless. Avoid direct contact with eyes, nose and mucous membranes of animals.

CAN THE SPRAY BE USED PERMANENTLY?

Yes, the spray can be used long-term for prevention and repelling ants. The natural formula is designed for regular use.

HOW DOES THE SPRAY SMELL?

The spray has a pleasant, fresh scent thanks to Geraniol and citronella oil, which is pleasant for humans but deters ants.

FOR AN ANT-FREE HOME – INDOORS & OUTDOORS
Reliable. Plant-based. Effective.

GREEN GUARDIA

SERVICE & SAFETY INSTRUCTIONS

SAFETY INSTRUCTIONS:

NOTES:

- **Shake well before use:** The spray contains natural oils, which may separate. Use only a well-mixed product.
- **Avoid direct sunlight:** Ideally apply in the early morning or late evening to prevent surface discoloration or damage to plants.
- **Test on a small, inconspicuous area before use:** First try on an unnoticeable spot and wait 24 hours.
- **Keep out of reach of children and pets:** Even though it is plant-based, avoid contact with eyes or mouth.
- **Store in a cool, dry and protected from light:** Optimal storage temperature is 10–20 °C. Protect from frost and direct sunlight.
- **Do not allow to enter water bodies:** The product must not get into ponds, aquariums or drains.
- **Use protective gloves if recommended:** When spraying, wear gloves and safety glasses, especially with frequent or large-area application.
