Versatile for use throughout your home

FAST & RELIABLE
Effectively repels woodworms

EASY APPLICATION
Quick to apply – for long-lasting protection

ABOUT OUR WOODWORM REPELLENT SPRAY

The GREEN GUARDIA Woodworm Repellent Spray Power provides a natural and highly effective solution for the prevention and control of wood pests such as woodworms, wood-boring beetles and their larvae.

The special formula with geraniol protects wooden surfaces for the long term, penetrates deep into the material and creates an unattractive environment for pests – ideal for protecting wood both indoors and outdoors.

WOODWORMS – AN INVISIBLE THREAT TO YOUR WOOD

Woodworms or wood-boring beetle larvae can infest wood unnoticed and cause significant damage to furniture, beams, floorboards and other wooden structures. They hollow out the wood from the inside and leave behind characteristic holes and exit traces.

Typical signs of an infestation:

- Small, round exit holes (1–2 mm)
- Fine wood dust (boring dust) on surfaces or floors
- Hollow chewing noises when lightly tapping the wood
- Weakening and instability of the affected wooden parts

VERSATILE APPLICATION

Ideal for use on:

- Wooden beams & roof structures
- Furniture & wooden cladding
- Wooden floors & parquet
- Doors, windows & frames
- Wood indoors & outdoors

COMPOSITION:

Water, alcohol, neem oil, citronella oil, geraniol, auxiliary agents (emulsifiers, preservatives)

REGISTRATION NUMBER:

N-121068

Product type: PT 8 – Wood preservative

BIOCIDAL PRODUCT
USE WITH CAUTION.
ALWAYS READ THE LABEL
AND PRODUCT INFORMATION BEFORE USE.

ACTIVE INGREDIENT:

Geraniol

- Plant-based active ingredient
- Effective & reliable
- Pleasant scent
- For protected wood

100 % NATURAL
With plant-based active ingredients and essential oils

INSTANT & EFFECTIVE
Works immediately and reliably repels woodworms

LONG-LASTING PROTECTION
Protects wood sustainably and helps prevent re-infestation

FOR INDOOR & OUTDOOR USE
Suitable for all types of wood – indoors and outdoors

GREEN GUARDIA

APPLICATION & PROTECTION

WOODWORM REPELLENT SPRAY

EASY APPLICATION – 4 STEPS FOR OPTIMAL PROTECTION

1 PREPARE

Remove loose wood residue, dust and chips.

Clean heavily soiled areas with a coarse brush.

2 SHAKE

Shake the bottle well before use so that the natural ingredients are evenly distributed.

3 SPRAY

Spray evenly from about 20 cm (8 in) onto the infested or at-risk wood surfaces. Allow to dry well.

4 REPEAT

For long-lasting protection, reapply regularly – especially after cleaning or in case of a heavy infestation.

APPLICATION AREAS FOR THE SPRAY

- **Roof structures & buildings**
  Beams, rafters, wooden constructions
- **Furniture & wooden items**
  Cabinets, tables, chairs, chests, dressers
- **Doors, windows & frames**
  Wooden frames, doors, window frames
- **Wooden cladding & panels**
  Ceiling panels, wall cladding and decorative panels
- **Outdoor wooden areas**
  Carports, pergolas, wooden fences, privacy screens

TIPS & GUIDELINES FOR THE BEST PROTECTION

- **Act early**
  Treat at the first signs of infestation to prevent it from spreading.
- **Check regularly**
  Inspect wooden structures indoors and outdoors regularly for new activity.
- **Ensure good ventilation**
  Keep areas dry and well ventilated to prevent moisture – this protects the wood from infestation.
- **Keep wood dry**
  Moisture is the main cause of woodworm infestations. Eliminate any sources of damp.
- **Combine for maximum protection**
  Ideally combine with preventive measures such as regular inspection, wood protection and proper maintenance.

FURTHER IMPORTANT NOTES

- **Natural active ingredient**
  With geraniol – a plant-based active ingredient for effective protection against woodworms.
- **Use only on wood**
  Do not use on painted, or sealed surfaces.
- **Wear protective gloves**
  Wear gloves when spraying and avoid contact with skin.
- **Regular application**
  For long-lasting protection, apply every 4–6 weeks.
- **Keep out of reach**
  Store out of reach of children and pets.

COMPOSITION:

Water, alcohol, neem oil, citronella oil, geraniol, auxiliary agents (emulsifiers, preservatives)

GREEN GUARDIA

FAQ – FREQUENTLY ASKED QUESTIONS

WOODWORM REPELLENT SPRAY

Here you will find answers to the most important questions about our **Woodworm Repellent Spray.**

WHAT IS THE GREEN GUARDIA WOODWORM REPELLENT SPRAY?

A ready-to-use repellent spray on a plant-based basis with geraniol and essential oils. It protects wooden surfaces effectively against woodworms and helps to prevent new infestations.

WHAT AREAS IS THE SPRAY SUITABLE FOR?

Ideal for indoor and outdoor use: attics, furniture, wooden beams, wooden cladding, doors, windows, carports, pergolas and other wooden structures.

HOW DOES THE WOODWORM REPELLENT SPRAY WORK?

The natural active ingredients with geraniol disrupt the orientation behavior of woodworms and reliably drive them out of their habitat. This effectively prevents a new infestation.

HOW QUICKLY DOES THE SPRAY WORK?

The effect begins immediately after application. Woodworms leave the treated areas and look for other locations.

DOES THE SPRAY CONTAIN CHEMICAL INSECTICIDES?

No, our spray does not contain any chemical insecticides. It is based on plant-based active ingredients and is free from synthetic additives.

IS THE SPRAY SAFE FOR PEOPLE AND PETS?

When used properly, the spray is safe. Avoid contact with eyes and mucous membranes. Keep out of reach of children and pets.

HOW OFTEN SHOULD I USE THE SPRAY?

For prevention, apply every 4–6 weeks. In case of an acute infestation or increased risk, the application can be repeated every 2–3 weeks.

DOES THE SPRAY LEAVE STAINS OR RESIDUE?

When used properly, the spray does not leave stains or residues. Test sensitive surfaces on an inconspicuous area first.

WHAT DOES THE SPRAY SMELL LIKE?

The spray has a pleasant, natural scent from essential oils such as citronella and geraniol, which dissipates after a short time.

HOW LONG DOES THE SPRAY LAST?

Unopened, the product lasts for at least 18 months. After opening, it should be used within 6 months.

DO I NEED TO VENTILATE AFTER USE?

A short ventilation after application is recommended, especially in enclosed spaces.

CAN I ALSO USE THE SPRAY OUTDOORS?

Yes, the spray is suitable for outdoor use, e.g. for pergolas, carports, fences and other wooden structures.

OUR TIP:

Combine the spray with regular inspections and good wood care. Keep the wood dry and well ventilated – this helps to prevent an infestation in the long term.

GREEN GUARDIA

SERVICE & SAFETY INFORMATION

SAFETY INFORMATION:

INSTRUCTIONS:

- **Shake well before use:** As the spray contains natural oils, ingredients may settle. Use only a well-mixed product.
- **Do not use in direct sunlight:** Ideally, apply in the early morning or late evening to avoid surface discoloration or damage to plants.
- **Test on a sensitive surface before use:** First try on an inconspicuous area and wait 24 hours.
- **Keep out of reach of children and pets:** Even though it is plant-based, avoid contact with eyes or mouth.
- **Store in a cool, dry and light-protected place:** Optimal storage at 10–20 °C (50–68 °F). Protect from frost and direct sunlight.
- **Do not allow to enter bodies of water:** The product must not get into ponds, aquariums or drains.
- **Use protective gloves:** Wear gloves when spraying and, if necessary, safety glasses, especially in case of frequent or large-area use.
